Three properties are made for summer days with luxury finishes, expansive layouts and—best of all—proximity to exclusive golf courses.

HIGH STYLE Gorgeous windows and high ceilings give this home in North Barrington an expansive view onto the Wynstone Golf Course.

Hole-in-One A dramatic entry foyer with a curved two-story wall of windows greets visitors to this richly appointed \$2.995 million home in North Barrington. "This property is a work of art that features stained glass and exotic woods that have mixed together in such a wonderful way," Coldwell Banker listing agent Lori Rowe says. Custom cabinetry, top-of-the-line appliances and a handsome library overlooking the 12th hole of the Wynstone Golf Club add to the seven-bedroom home's traditional charm. "They have done a magnificent job of making an arts-and-crafts-style house work for a modern family," Rowe explains. *24 Hidden Brook Drive, North Barrington, 847.465.3664, lorirowe.com*
